HANDLE WITH CARE

"INSTRUCTOR RECERTIFICATION PROGRAM" ONLY

BRAINERD, MN

Helping to create and maintain safer, more caring environments by teaching preventative actions that result in decreased need for physical restraint.

When:	**JUNE 17, 2020**	**8:30 AM – 4:30 PM**
Training:	**Paul Bunyan Education Cooperative** **804 Oak Street, 3rd Floor** **Brainerd, MN 56401**	
Lodging:	Holiday Inn Express & Suites Brainerd-Baxter 15739 Audubon Way Baxter, MN 56425 TEL: (218) 824-3232 **NO ROOM BLOCK RESERVED**	
Cost:	**$450.00 Per Participant**	

This seminar will cover:

- **Comprehensive Verbal Skills Workshop**: Handle With Care's Verbal De-escalation Training focuses on understanding the cycle of tension/relaxation and calibrating the intervention based on the student's needs and where the student is on the cycle. HWC also teaches a self-awareness model where staff is taught to monitor and control their reactions to provide better care and develop the ability to defuse situations through their own behavior and responses. The program then puts theory into practice in the form of role-plays.
- **Physical Skills Training**: Personal defense, use of personal space and blocking techniques.
- **Personal Defense**: Includes the use of personal space, escapes, blocking techniques and 3rd person save methods. HWC is the only technology in the industry that teaches you how to protect both yourself and another person/student from harm.
- **Primary Restraint Technique®.** The PRT® is versatile, effective, painless, safe and easy to apply. Staff is positioned in the safest place possible, behind the student. The PRT conveys an immediate reassuring sense of limits and is very effective with autistic students.

This is an Instructor Recertification Program ONLY. Participants must have successfully completed Handle With Care's Basic Program prior to attending.

Enrollment is limited. Slots will fill fast.

To enroll or request additional information call:
